Lamb Wins By 1,000 Votes

Lindsay auctioneer Charles Lamb, 61, won Victoria riding for the Progress Conservatives.

There is another story, equal-

ly important, and that is the tremendous gains made by Liberal candidate Cliff Benson in a traditionally PC stronghold.

Clayton Hodgson, Haliburton lumberman, swept to his sixth victory last June 18 with a majority of 5,742 votes.

Cliff Benson reduced the PC majority Monday to 1,055 votes.

Driver Blames Fatigue, \$50 Fine Set

Harold Harris, 53, of Minden Wednesday was fined \$50 and costs on conviction in magistrate's court of an impaired driving charge.

Accused was arrested by Lindsay OPP Const. Dale Coe Saturday while driving near Lindsay. The officer said he saw a station wagon being driven in an erratic manner by accused.

"The vehicle veered from the shoulder to the centre line on at least five occasions," said the constable.

Accused, who the court was told, smelled strongly of alcohol and staggered badly, said he had two bottles of beer before leaving Toronto.

Harris blamed his driving on "being dog tired." He said he had made a trip from Toronto with a load of furniture to a house he was occupying at Minden and had returned to the city. He was on his way back to Minden when arrested.

After hearing that two small children were among passengers in the vehicle crown attorney Horne Jordan told accused he had no right to be driving if he was so tired.

Cars Over Bank

Two westbound cars driven by Lewis Cowen of Haliburton and Frank Hargreaves of Scarborough received damage totaling \$1,000 in an accident Saturday on Highway 121 at Haliburton. One car was trying to pass the other when they locked together and plunged over a four-foot bank to the railway tracks, paralleling the highway at that point. No injuries resulted.

Fire Destroys Haliburton Legion

Fire early Saturday morning completely destroyed the fine hall of the Royal Canadian Legion in Haliburton. The above picture was taken about 5 p.m. when the blaze was at its height.

As far as can be learned the fire must have started after 12.30 a.m., when the caretaker left. Raymond Scott, who had just towed in a car around 1 p.m. noticed smoke coming from the basement and immediately sounded the alarm.

The fire brigade was on the

scene in a matter of a few minutes and it was thought that they had the blaze under control.

About this time, however, mechanical trouble developed on the pumper and when it was discovered that the fire was still burning between the floors, Minden fire brigade was called on for assistance.

The fire continued to make headway and it soon became apparent that the firemen were fighting a losing battle. The result was that Haliburton now

finds itself without a Legion hall which was the centre of most social activities. It was an ideal place for voting and was used for municipal, federal and provincial elections. In short the town is without a public auditorium.

While the loss will be heavy we understand there is considerable insurance on the building which no doubt will ease the burden somewhat. However, one wonders what might have occurred to the adjacent buildings if the high winds of a few nights

before would have prevailed at the time of the fire.

The Band of the Royal Canadian Legion lost over \$2,000 worth of drums, instruments and uniforms, but as they were covered by insurance they will be replaced.

Plans for a fine new building are already under way and you can rest assured that out of the present ruins will rise a splendid new Legion hall of which not only the Legion be proud of but citizens from all over the area as well.

NEWS NOTES

Despite the loss of nearly all of their music, some instruments, and uniforms, the Band of the Royal Canadian Legion were able to take their place at the head of the zone parade in Bobcaygeon on Sunday with 32 members.

This was all made possible by the kindness of Sir Sam Hughes branch of the Legion in Lindsay, who not only supplied drums, cymbals and instruments, but three fine musicians as well and as far as musicians are concerned, Gravenhurst and Minden also helped out.

On Saturday morning things looked pretty grim but offers of drums and instruments were soon forthcoming and although bandmaster George Wheeler spent most of Saturday consulting with members and acquiring drums, instruments and music we think after Sunday's turnout he considers his efforts were well worthwhile.

We understand the new Pentecostal church have offered rehearsal facilities to the band as soon as they are ready to resume operations which should be by April 23.

Wednesday night the local Legion executive recommended the band replace enough equipment and music to see through the forthcoming summer season.

The bands losses amounted to over \$2,000 or almost one quarter of its assets. Destroyed were two trombones, two large bass horns, three trumpets and its entire percussion battery, including

Dies While Fighting Fire

As we go to press we learn that Wilbert Dennison died this Thursday morning while attempting to put out a grass fire near his home on Horseshoe Lake.

When firemen, who had responded to a call for help arrived on the scene they discovered the body.

a pair of tympani purchased just before Christmas.

Congratulations to Mr. John Noble who on Wednesday celebrated his 92nd birthday. Mr. Noble resided for a good many years in the Essonville area and is now in Bobcaygeon. We hope that he will enjoy continued good health and that one year from now we will be able to offer congratulations on the occasion of another birthday.

While we are not yet in possession of all the figures we believe that more people in the county voted in Monday's election than at any previous time. Electors also, by their votes, appear to favor the two-party system. This could no doubt change in the years to come but for the present it's strictly a fight between the Liberals and the PC's. The Conservatives have always been strong in organization insofar as the county is concerned—so much so that Liberal opposition in election contests has been very weak. We learn however that plans are underway by Liberal enthusiasts to effectively organize every poll in the county.

LOL Entertain Minor Hockey

The members of the squirt and pee-wee teams in the Haliburton county minor hockey league were feted at a banquet by the members of L.O.L. 975 on Friday evening last. The ladies of L.O.B.A. 28 did the catering.

Mr. Fred Neimann, prominent Orangeman and a great hockey enthusiast, organized the affair which was the finest and best attended event in the 10 years it has been held.

Mr. R. J. Curry, who acted as chairman for the occasion, thanked the Orange lodge for their kindness in providing such a banquet remarking that it was a fine contribution to the cause of minor hockey.

When the chairman asked these present if they had any suggestions as to how we might further the interests of minor hockey in the area, one young boy piped up "artificial ice!"

Stan Parish who, since becoming president of the Haliburton minor hockey association has accomplished much toward its advancement, remarked that the crying need of minor hockey was more referees.

Messrs. Mark Schell and Oliver Higgins were highly commended for the time and effort they had expended with our young and upcoming hockey players.

It was the pleasant duty of Don Hies to present the Robin Hood trophies awarded annually to players who, in the opinion of the judges, have shown the most gentlemanly conduct on and off the ice, coupled with playing ability. Those who had the honor

Business Change In Haliburton

Easton's Red & White store in Haliburton will soon be located in the store now occupied by Highland Food Lockers. We understand that a considerable amount of alterations will be necessary before the actual change takes place, but work is expected to start next week.

HALIBURTON NEWS LETTER

One good term deserves another, as the saying goes. When Haliburton firemen were unable to keep their pumper operating last Saturday morning, they summoned help from Minden. As we write our brigade has gone to fight a fire at Horseshoe Lake, owing to the Minden firemen en-

countering trouble with their pumper.

Mrs. L. A. Verney, Mrs. Bernard Penny and Mrs. Elizabeth Dotzko of Toronto visited with their aunt, Mrs. Elwood Austin, over the week end.

Mr. and Mrs. David Brodhagen of Stratford have been visiting their son Harold here. Mr. Brodhagen, we believe, holds the record for playing in bands, having done so for 75 years. Only the other day he marked with a band in Warkworth.

Miss Phyllis Little of West Guilford was the winner of the fruit cake raffled recently at Hay & Co., Kennisis Lake. The hearty response to ticket sales netted \$50.25, which has been donated to the retarded children's association of this county.

Bank of Montreal Reports

The Bank of Montreal is calling for help from its active and retired staff across the country and abroad to find a name for its new data processing system, due to go into operation this summer.

To this end, the bank has launched a novel "find a name" contest, in which about 16,000 employees in more than 900 offices, and over 1,400 pensioners are eligible to compete. Ten cash prizes, ranging from \$500 to \$75, totaling \$1,925, are offered for the best ideas.

R. D. Mulholland, vice president and general manager of the B of M, is chairman of the judging committee which will be responsible for selecting the winning entry.

The contest closes May 15 and results will be announced soon afterwards.

When a suitable name is found for the bank's extensive data processing program, it will be used for quick, easy reference in correspondence, circulars to branches, advertising and publicity. It is intended that the name will quickly identify the Bank of Montreal's computer system in Canada for everyone concerned.

Wide Scope

Contestants are given unlimited scope in preparing their entries. They are told, "the name need not be in the initials of the words of a phrase, nor need it be restricted to one word, but it should preferably be brief... it might be either English or French, it might be humorous, it might be derived from the bank's crest, its history, or its locale, or it might be an appropriate Latin word or phrase."

News Notes From The County

The Ladies' Auxiliary of the Canadian Legion were forced to cancel their spaghetti supper due to the fire at the Legion hall. It had been scheduled for Saturday night.

A good crowd was in attendance at the Salvation Army at Haliburton on Friday night last. The music was supplied by the Masterful Music Makers of Fenelon Falls. They presented an evening of vocal and instrumental numbers.

A shooting match was held at the Minden Rod and Gun Club on Highway 35 on Sunday. Hams and turkeys were given to the winners.

A B.A.C. conference will be held at Bonnie View Inn on Sunday, April 21. The conference leader is the Rev. Harry Robinson, rector of the Church of the Redeemer, Kingston. He is a former wrestling champion of the University of Toronto. He was a recent conductor of missions to inmates of Kingston penitentiary.

Mr. Robinson will be bringing a group of his laymen for the conference. The day will provide ample opportunity for discussion, free time and relaxation. The conference begins at 9 a.m. and will be concluded by 4 p.m. Breakfast and dinner are included in the conference fee. All members of the local B.A.C. are being contacted to be present on this occasion.

On Monday, April 15 the Canadian Cancer Society will be conducting its annual campaign for funds. The Victoria-Haliburton Cancer Society have branches at Haliburton, Minden, Cobocok, Fenelon Falls, Bobcaygeon, Omeenee and Lindsay. The overall objective for both counties is \$9,400. The money is being used for cancer research, cancer education and cancer welfare services. When your neighbor knocks answer the call and give to the Canadian Cancer Society. You can support the cancer society with a check-up and a cheque.

Almost 100 head of pure bred and grade draft horses were

brought to Lindsay fair grounds last week for the 10th annual draft horse auction, sponsored by the Ontario Belgian Horse Assn. Several from Haliburton attended the sale. President of the association, Sheldon Walker of Sharon, Ont., stated that a crowd was estimated at between 5,000 to 8,000 people. Draft horse enthusiasts journeyed to the auction from as far away as Quebec, New York, Ohio, Indiana and Pennsylvania. To a great many Ontario people this was the big day of the year. Some of the local consignors include Arthur A. Trent of Oakwood, Aubrey Hickson of Lindsay, Richard Dunford of Lakefield, S. G. Nesbitt of Minden and Arthur Winn of Reaboro.

Haliburton county lost a great citizen last week—William A. Maxwell. He was in his 70th year.

A turkey supper was held in the basement of the Unit church.

The Minden Kinette club held their meeting at Hart lodge recently. Kinette Doreen Hicks won the traveling gift. President Mabel Deacon told the members of work to be done at the hospital.

The annual report of the Workmen's Compensation Board was tabled March 28 in the Ontario legislature. Total benefits awarded last year amounted to \$56,886,438.19.

The Band of the Royal Canadian Legion, Haliburton, attended a zone rally at Bobcaygeon on Sunday. Even though the band lost some of their instruments and most of their music in the Legion fire, they still were able to carry on.

In the legislative library at Queen's Park, Toronto, a very interesting item appears in matters dealing with Canadian railways, and concerns a very little known railway called the Irondale, Bancroft and Ottawa Railway.

"The I.B. & O. developed out of an Act passed in 1880 to extend

to Ottawa a line from Toronto & Nipissing Railway which had reached Cobocok by way of Stouffville and Uxbridge. Before the charter was received in 1884 the Toronto and Nipissing had become part of the Midland System and construction started from that company's Haliburton line under the name of the I.B. & O. Two of the promoters are recalled by stations named by Howland and Gooderham. Built largely by provincial subsidies the road pushed into timber and mining country not reaching Bancroft until taken over by the Canadian Northern Railway in 1911. It was joined to the Central Ontario Railway running from Picton through Trenton to Bancroft. It became part of the Canadian National when Canadian Northern was taken over in 1919."

The first and only girl to study forestry at the University of Toronto is known as "Rosie the Lumberjack" by her male classmates. But 5'3", 115 pound Marie Rauter is a far cry from the husky bushwacker the nickname implies. She's shapely and feminine and even after a year and a half her classmates regard her with a mixture of affection and lingering suspicion.

It was at the forest rangers camp at Dorset last spring that she earned the name Rosie the Lumberjack. She canoed, blazed trails, hiked, chopped trees and learned to operate a power saw with the rest of the forestry faculty.

DONALD

Mr. and Mrs. Wm. Emmerson attended the Ontario Retail Lumber Dealers' Assn. convention in Toronto last week.

U.C.W. Present Easter Film

The people of Haliburton and surrounding area are cordially invited to attend with the Haliburton U.C.W. their specially prepared Easter meeting to be held on Monday, April 15, at 8 p.m. in the United church.

A special Easter film depicting the life of Christ and entitled "I Beheld His Glory" is being shown giving us the true spiritual meaning of Easter. Also included in the program will be musical selections from Handel's "Messiah" presented both by solo and record.

Do come and join in with us at this time. Men, women and children are all invited.

St. Anthony's Altar Society

The monthly meeting of St. Anthony's Altar Society was held April 4 in the basement of the church. There were 10 members present.

Mrs. Gladys Roberts read a short passage befitting this season of Lent. A vote of thanks was extended to Mrs. R. Barry and Mrs. J. Shields for painting the altar the previous week.

A presentation was made to Mrs. Carducci, a member, who is leaving this area.

The meeting was adjourned. After the closing prayer a social period followed.

Large Turnout for "Wiretapper"

Last Friday evening almost 150 teens came to Youth Rendezvous to see "Wiretapper." The film portrayed the involvement of Jim Vaus, an electronics whiz, in the world of crime. Slowly but surely his human nature gave in and he was ensnared.

At a serious juncture of his life Christ was presented to him by evangelist Billy Graham. He accepted Christ as his Saviour and surrendered his life completely. The film ended with the assurance of God's protection and deliverance.

Articles recently presented in Reader's Digest, Time and Post have referred to Jim Vaus. Some have shown his present highly successful ministry to the youth gangs in New York City.

This month's Youth Rendezvous was in the Full Gospel Lighthouse, Haliburton. Next month we shall meet in West Guilford.

Pastor McNeill and members of the Full Gospel Lighthouse will be attending the annual rally at Cobocok on Good Friday.

A district conference of the Apostolic Church of Pentecost is slated to be held in Lindsay on Saturday. Pastor and Mrs. McNeill will attend.

Parents Invited To Closing Children's Lenten Service

Christian will have safely arrived in the Celestial City by the time you read this article. Having braved many dangers, he is now with his risen Lord and Saviour Jesus Christ. Every Tuesday during the past six weeks nearly 50 boys and girls have eagerly followed John Bunyan's exciting Christian adventure story entitled "The Pilgrim's Progress" told with filmstrip at St. George's Anglican Church right after school. Sword drill, memory verses, lively action choruses were thoroughly enjoyed by the boys and girls.

An excellent staff consisting of Mesdames Wendy Kirkpatrick, Muriel Bailey, Margaret Downey, Betty Dawson and Miss Darlene Johnson, Brian Dean and Paul Carpentier made this venture possible. Mr. Grant Brooks worked behind the scenes preparing the memory texts.

The end of the series will be a children's service on Good Friday at 3 p.m. to which the parents are urged to attend. The story of this solemn day will be told in pictures and the attendance awards for this series of meetings will be made.

Good Friday Services

In addition to the 3 p.m. children's service on Good Friday at St. George's there will be an hour's meditation at 11 a.m. for the adults. In the evening at 8 p.m. at St. Peter's, Maple Lake, Mr. Carder will conduct a devotional hour. The Haliburton rector stressed that there can be no true spiritual joy and appreciation of Easter until we have gone the way of the cross with Jesus on Good Friday.

Easter Services

In order to encourage more people to attend the 8 a.m. service of Holy Communion at St. George's on Easter Sunday, the singing of Easter hymns has been included in the early service. The Sunday school teachers of St. George's and St. Andrew's are planning to attend this early service and then have breakfast afterwards at the rectory. Services of holy communion will be observed at 11 a.m., 2 and 4 p.m. as usual in the parish.

Men's Conference Nears

The Sunday after Easter will see few men in the churches of the parish of Haliburton. The reason is that most of them will be at Bonnie View Inn attending a men's conference for the day. The Rev. Harry Robinson, rector of the Church of the Redeemer, Kingston, a former University of Toronto wrestling champion, and a man of considerable experience in conference work, will be leading the day. Mr. Robinson plans to bring several of his laymen to assist him.

The theme for the day will be "The Truth Is You're a Liar."

Cec. Winters and Earl Cooper are in charge of registrations. Cliff Whittaker will be in charge of finances. Cec. Robinson, Vic MacBrian, Norm Finney, Greighton Feir, Gordon Everall, Harold Douglas, Russell Woodcock are working on publicity. Men from the Anglican parishes of Wilberforce and Minden will be attending the day also. A limited number of young men in high school have also been invited to attend.

There is a

Matthew B. Dymond, MD, CM.
Ontario Minister of Health

The objectives of The Ontario Cancer Treatment and Research Foundation as stated in the Cancer Act, 1957 are "to establish and conduct a programme of research, diagnosis and treatment in cancer". Financial assistance is extended by the Foundation to the seven regional cancer treatment centres set up in Ontario, which include the Princess Margaret Hospital in Toronto, the two divisions of the clinic at Ottawa, and clinics at London, Kingston, Hamilton, Windsor and Port Arthur.

Hospitalized patients at these centres have their radiotherapy treatment covered by Ontario Hospital Insurance. Out-patients receiving treatment who can afford to pay, are charged fees which cover only a comparatively small portion of the cost. The balance is paid by the Foundation, from Provincial and Federal cancer control grants. No patient is ever refused treatment because of lack of money.

Transportation costs of needy patients to treatment centres for necessary diagnosis, treatment and follow-up examinations are paid by the Foundation. This is usually arranged through local units of the Canadian Cancer Society, who are then reimbursed by the Ontario Cancer Foundation.

Hostels are attached to the cancer clinics at Hamilton, London, and at the Princess Margaret Hospital in Toronto. Excellent accommodation and meals are provided for ambulatory patients receiving treatment. A nominal charge is made for those who can pay, otherwise the Foundation again meets the expense. These hostels were built and furnished by the Ontario Division of the Canadian

Cancer Society, but their maintenance is the responsibility of the Foundation.

Uniform records are kept in all the treatment centres and this is an important aspect of the subsequent analysis of treatment experience. The Medical Statistics Branch of the Ontario Department of Health provides manual and directions for the maintenance of cancer registries in general hospitals throughout the Province.

The Foundation supports a very active research programme. This is chiefly in the field of clinical research but the Foundation also contributes money to the National Cancer Institute of Canada in support of its work in basic research. A number of research fellows are supported by the Foundation and it also provides the funds to maintain the excellent research departments at The Ontario Cancer Institute. Scholarships are available to aid in the training of young doctors and scientists and for technicians employed in special fields of investigation.

The Ontario Cancer Foundation, which is supported by Provincial and Federal Government grants maintains an excellent staff of high-calibre specialists in all the centres for radiotherapy across the Province. Cancer is an expensive disease because of the high cost of radiotherapy and other treatment. Money raised for work in this field, such as the Canadian Cancer Society's annual campaign now in progress, is badly needed and well spent. Because of The Ontario Cancer Treatment and Research Foundation many people in this Province receive expert and capable treatment at very nominal, if any, cost to themselves.

SUGAR and SPICE

By Bill Smiley

Well, now that the nonsense is over (and boy! aren't there a lot of dopey voters in this country?) we can get back to the important things of life.

I'd like, at this time, to pass along a vote of appreciation to the women of Canada. They have put up with a great deal in the past couple of weeks, and it's not over yet. It has been a harrowing experience, but they've taken it as bravely as usual. No, I don't mean the election.

Night after night, our women have wheedled, coaxed and threatened, trying to get small boys and grandfathers to bed at a decent hour. Night after night, they have received only blank, uncomprehending stares from their husbands.

But hold, ladies. Reck naught of the scowls of young Wilber, the snarls of grampa. Don't be distressed by the utter nothingness of your bitter half. Bear with them. NHL playoff time is to them what Paris is to a middle-aged French teacher, what Stratford is to the faded chap who helped paint the scenery for the Hayfork Centre Drama Festival.

Stanley Cup time is a wonderful spring tonic. It is Alice in Wonderland and Peter Pan to the males in your family, from eight to 80. Where you see only a lot of large young men rushing at each other, they see a ballet. Where you see only brutality and bloodshed, they see the drama of a bullring. As you shudder at the bestial roar of the arena mob, they are thrilling to the skill and gallantry of the gladiators.

You see, mum, hockey at its best is poetry in motion, music in flight. An NHL goalie has all the grace and delicacy of a torador. Maybe we don't think of these comparisons, as we sit on the edges of our chairs, watching the warriors weave their intricate design of combat, but we're aware of them. It's a national disease, pretty well restricted to the male species, and it makes the so-called "fever" of the World Series or the Grey Cup game look like a mild case of the sniffles, in comparison.

How did we get this way? Well, it's a little embarrassing to explain. But nine out of 10 boys in this country are exposed to hockey early in life. And eight out of 10 of them have had, at one time or another, a desperate desire to become a truly great hockey player. The urge may have lasted five minutes or five years,

but it was so powerful it hurt, when it was in force.

And about 90% of us know perfectly well that if it hadn't been for sheer bad luck, or bad management, we'd have made the NHL. Some of us were too heavy some too light. Some were a little slow; others could not hoist the puck. Some started to smoke; others to go with girls. It was just some lousy break like that that kept us out of the big time.

Even knowing this, however, we're not envious. We watch the best players in the world with the complacent camaraderie of a movie extra watching the stars at work, with the friendly concern of a burlesque stripper watching a prima ballerina. We sit there as they flash about the ice, and muse, "There, but for the fact that I always went over on my ankles, go I."

During my own hockey career, in the days when we used department store catalogues for shinpads, I played in the same pee-wee league as a fellow who later went up to Detroit Red Wings. I still think it was only the fact that he could skate six or eight times faster than I could that made him outdistance me in our hockey careers. Many a time I tripped him as he went by.

Go through any family and you'll find they have some great hockey traditions like this. That fat fellow watching TV once scored the winning goal with only eight seconds to go, if the lousy ref haddena called it back for an offside. That old gentleman in the rocker remembers the time Howie Morenz came to town, when Howie was still an amacher and he'd have seen him play if he haddena been working the night shift that night. That urchin gnawing his nails in the corner, why he was the third-highest scorer in the third best team in the squirts league, this very winter.

Oh, it may all seem very childish to you women. But it's in our blood. It's part of the simple, strong poetic heritage of the Canadian male. Have patience. The plague wanes shortly. And then, but not until then, will you retrieve us to the dull, ordinary round of family togetherness.

JEHOVAH'S WITNESS NEWS REPORT

Mr. Wm. Borden, presiding minister of the Haliburton congregation of Jehovah's Witnesses, has recently returned home from a special one month training course at the organization's headquarters for Canada in Toronto.

This special four week course, known as the Kingdom Ministry School, was very practical and helpful, Mr. Borden reported. "In fact," he said, "my attendance was one of the outstanding experiences of my entire life." This special training will be made available to the presiding minister of each one of the 871 congregations of Jehovah's Witnesses in Canada, as well as the approximately 260 special representatives of the organization serving in special assignments. Mr. Borden reported that 475 have completed the course so far in Canada, and the school is being carried on in all the major countries of the earth.

The training consists of 16 classroom sessions of 50 minutes each, 16 general review periods and 24 one-hour lectures, which were delivered by members of the headquarters staff of the Canadian branch of the Watch Tower Bible and Tract Society, which is the legal agency used by Jehovah's Witnesses.

The classes, which were conducted in a variety of ways including a number of demonstrations by students themselves, dealt with doctrinal matters, the application of Bible principles to daily living, every aspect of the public ministry of Jehovah's Witnesses, the effective conducting of five congregation meetings held by each congregation each week and the ministerial and organizational responsibilities of overseers and ministerial assistants in the congregations.

Mr. Borden spoke very highly of his classmates, who came from a variety of backgrounds and walks of life. The students, 25 in all, came from places as far separated as Vancouver and Val d'Or, Que. The oldest was 71 years of age and the youngest 21. There were three women in the class that Mr. Borden attended. Many of them had to make certain sacrifices in order to attend, but all spoke highly of the practical instruction and helpful Biblical counsel received.

In addition, Mr. Borden reported that the students were given the privilege of assisting the headquarters staff in accomplishing the great volume of work that is done in Toronto. The headquarters staff in Toronto consists of 47 ordained ministers, all of whom live right on the premises, a beautiful, large brick building on Highway 401 in Toronto's north end. Working voluntarily, with their daily necessities provided for and a small personal allowance, their unity, love and warmth made Mr. Borden's stay with them a rewarding experience. He stated, "Life at the Watch Tower's headquarters in Toronto is truly an example of Christianity at work. The unlearned there will be a good example to emulate in our local congregation."

Local Sport Briefs

The hockey season may be over in Haliburton county but it's still in high gear in other centres of Ontario. Keswick and Sunderland, two entries in this year's tri-county league, are still in the ORHA playoffs. Sunderland defeated the Six Nations reserve team and have now entered the semi-finals. In the other group Keswick Comets are playing Jarvis. It looks as though Keswick and Sunderland could win their respective groups.

Gary Vasey and the Bradford Expressmen are still rolling in the O.H.A. playoffs.

Don Iles took a rink from the Haliburton curling club to Bancroft recently. They won two games in the bonspiel held there.

Last week when we were thanking those who helped supply information for our sports page we omitted the name of Mike Ratuszney who is a school teacher at Minden. He sent us information on the Minden minor hockey games. We would also like to congratulate him on bringing two trophies to Minden. His midjets won the Glen Dart and Monmouth trophies.

Penetang and the Sundridge Beavers are now playing off in the OHA intermediate C. Sundridge were the champions last week.

Township of Anson, Hindon & Minden
1962 AUDITOR'S REPORT

The Council and Ratepayers,
Township of Anson, Hindon and Minden,
Minden, Ontario.

Gentlemen:

We have completed our audit of the accounts of the Township and Township School Area for the year ended December 31, 1962 and submit herewith the statements as listed in the index.

The capital and loan fund balance sheet, Statement A, shows the total debenture debt outstanding in the amount of \$134,503.67, in addition to which the Township has assumed the liability for debentures issued by the Provisional County of Haliburton for high school purposes in the amount of \$83,881.69. Of the amount of debentures issued the Recreation Centre has assumed liability for \$7,066.50 and other municipalities have assumed liability re school debentures of \$4,198.79.

Statement B is the revenue fund balance sheet which shows a surplus as at December 31, 1962 of \$38,056.93. During the year the municipal buildings were sold and the proceeds in the amount of \$21,000 is shown as receivable as of the end of the year. Taxes receivable stood at \$33,004.23, down \$1,491.32 from the preceding year. Also included in this balance sheet is a trust account in which is kept the funds raised by the Minden Memorial Recreation Fund Committee. The balance in this account stood at \$7,520.82 as of December 31, 1962, after a loan of \$500 had been made to the Minden Hockey Club. Included in the liabilities is a bank loan of \$35,700. This is in excess of the 70% of uncollected balance of the estimated revenue for the year in the amount of \$3,825.70, contrary to the provisions of Section 329 of the Municipal Act. Also included in the liabilities is an amount of \$900 payable for a lot purchased by the Township which we understand is for accommodation of road equipment.

Statement D is a statement of revenue and expenditure which shows a surplus for the year of \$26,179.30. This surplus is after bringing into revenue \$21,000 on the sale of the municipal buildings. General government expenditures are \$14,664.25, an increase of \$3,018.98 over 1961. Road expenditures are stated at \$72,164.42. Discount allowed on taxes for 1962 was \$1,512.76.

During the year an agreement was made with the Ontario Water Resources Commission to install a water system and expenditures of \$679.25 made in 1962 and \$75 in 1961 were reimbursed by the Commission. Expenditures by the Commission on behalf of the Township, including the amount so reimbursed were \$6,547.64 to December 31, 1962, as reflected by the capital and loan fund balance sheet.

During the year the ambulance service had revenue of \$1,829.09, while expenditures were \$1,056.66, an excess of \$772.43 of revenue over expenditures. After deducting the loss on operations in 1961 of \$29.96, \$742.47 should be transferred to the ambulance service account in accordance with the Council's by-law covering this service.

As of December 31, 1962 there was owing to the Provisional County of Haliburton \$75.19, to the Haliburton High School Board \$171.70, and to the Minden Township School Area \$208.53 on account of supplementary taxes under section 53 which had not been paid over.

As indicated in the questionnaire, the minutes of Council do not indicate that the provisions of paragraph 3 of Section 234 of the Municipal Act have been adhered to.

Moved and seconded by Ruthven and Tanner, that we adjourn until the next regular meeting to be held in the Orange hall, Highland Grove, on April 15 at 7.30 p.m.

(Continued from Page One) has been held has anyone been able to cause as much delight and wonder as this fine and public spirited citizen from the cataract village. To say that he really brought the house down is putting it mildly and we hope that between now and next spring he can slip some more things up his sleeve as he will surely be called upon for a return engagement.

Berkeley Feir expressed the thanks of all those present to the ladies of the L.O.B.A. for the sumptuous banquet that they had so excellently prepared and served.

A most pleasant evening came to a close with the singing of "O Canada."
